AMANO[®]

Time Guardian[®] Plus

Time Guardian Plus is an employee time management software which features seamless integration with Amano's latest Access Control products.

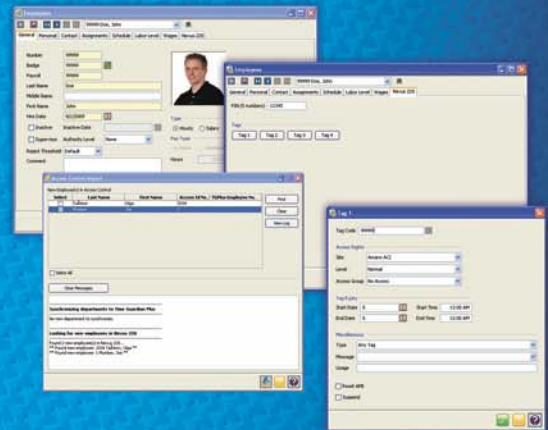

Time Guardian Plus automates the collection, calculation, and preparation of employee time data for processing payroll. Easy to setup and configure, the Time Guardian Plus system is designed to increase accuracy and boost efficiency. Using a shared database, the integrated software facilitates data exchange between the Time & Attendance and Access Control applications, reducing the administrative expense of managing individual systems.

Key Features

- ▶ Easy-to-use tree structure navigation, no complicated menus
- ▶ Eliminates manual calculation errors associated with time cards
- ▶ Accommodates weekly, bi-weekly, semi-monthly and monthly pay periods
- ▶ Unlimited number of departments, pay policies, schedules and holidays
- ▶ Advanced rounding ability, meal/break rules, and holiday configuration
- ▶ Tracks and reports regular/overtime, absences, exceptions, wages, and tips
- ▶ Auto process service permits scheduled terminal communications and report tasks
- ▶ Comprehensive standard reports in PDF format, or an MS Excel export utility

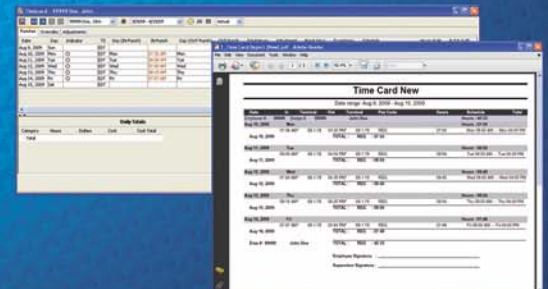

Access Control Integration Screen

Time Guardian Plus provides full integration with AmanoNet as well as Nexus 220. Save time by entering employee data one time in a single place.

Employee Time Card & Report

The most comprehensive single-screen collection of time and attendance data available. Also, it allows you to create unlimited report templates.
